# Pluralism, Society and Management

August 17, 18 & 19, 2017

About the

# International Conference

In August 2016 a conference on this topic was held. It was decided to continue the conference every year in collaboration with Howard University, Washington DC, USA. During discussion in the conducting session it was observed that pluralism is very important for the countries of India, USA, England, Nigeria and others. Along with pluralism, the socio-economic development and the impact of science and technology on the society will also be discussed during the conference. Research papers on different aspects on the theme of the conference will be presented. All the presented papers will be published in reputed journals.

# About INVERTIS UNIVERSITY

Invertis University is a leading University offering a wide range of courses pertaining to different fields of studies. Established in the year 1998, Invertis has grown immensely and today it stands as a full-fledged University with nine institutes under its umbrella. Invertis is a delightful destination for the students not only in terms of acquiring academic progress but also for holistic development and studying in a world class learning environment.

The teaching methodology adopted by Invertis is based on learning beyond academics which ensures all-round development of the students through warmth from the faculty, guidance from the management and direction for the life ahead through career shaping.
