Respected Sir,

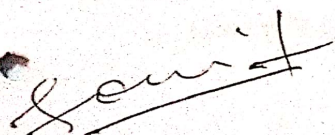

The Government remains steadfast in its commitment to fostering the socio-economic development and empowerment of Scheduled Castes (SC) and Scheduled Tribes (ST) across the nation. As part of its continuous endeavor to ensure social equity, numerous welfare programs and initiatives have been steadfastly in place, aimed at uplifting these historically marginalized communities.

Invertis University organized a welfare program for SC ST on 7/April/2020 at Mission Hospital. From education to employment, healthcare to housing, and various other facets of socio-economic growth, the government has implemented a range of schemes tailored to address the specific needs of SC and ST populations. The programs are designed to mitigate historical disparities and provide a more level playing field for these communities.
