Name of the event: Scout and guide dengue awareness program

Date: 10-March-2022

Venue: Invertis university

Description: Scout and guide dengue awareness program

The Scout and Guide Dengue Awareness Program was initiated to combat the increasing threat of dengue fever in our community. This report summarizes the key activities and outcomes of the program.

Program Objectives:

- Raise awareness about dengue fever.
- Promote preventive measures.
- Mobilize Scouts and Guides to engage in community service.

Program Activities:

a. Awareness Workshops:

- Conducted dengue awareness workshops in local schools and community centers.
- Covered topics on dengue symptoms, prevention, and treatment.

b. Cleanup Drives:

- Organized community cleanup drives to eliminate potential mosquito breeding sites.
- Emphasized the importance of proper waste disposal.

c. Educational Materials:

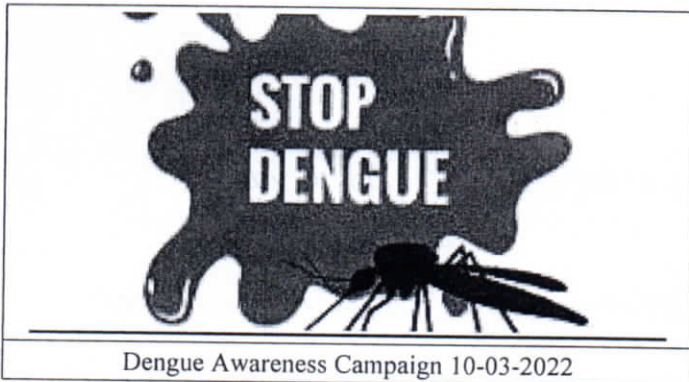

- Distributed informative pamphlets, posters, and brochures on dengue prevention.
- Created informative videos for social media sharing.

d. Dengue Awareness Walk:

- Organized a community walk to raise awareness, involving Scouts, Guides, and the local population.

Increased Awareness:

- Reached over 1,500 individuals through workshops and community outreach.
- Social media campaign reached 10,000+ people.
