

**Name of the Cell/Department:** 8 Up girls BN and 21 UP BN

**Academic year:** 2022-23

**Name of the event:** Weapons & Equipment display-2023

**Date:** 24- January-2023

**Venue:** Bareilly college Bareilly

**Description:** Weapons & Equipment display-2023 awareness campaign

The National Cadet Corps (NCC) in India has been instrumental in shaping the future leaders of the nation. To further strengthen the defense preparedness and awareness among NCC cadets, an Indian Defense Mechanism Awareness Campaign through Weapons & equipment display was launched on 24-01-2023 . This campaign aimed to educate and empower NCC cadets with knowledge about India's defense mechanisms and their role in national security.

**Objective:**

- The primary objective of the Indian Defense Mechanism Awareness Campaign was to enhance the understanding of defense mechanisms, strategies, and the role of NCC cadets in supporting the armed forces during times of need.

**Key Components of the Campaign:**

- Workshops and Seminars: The campaign included a series of workshops and seminars conducted by experts from the Indian armed forces. These sessions covered a wide range of topics, including the structure of the armed forces, national security challenges, and the significance of NCC cadets in defense operations.
- Field Exercises: NCC cadets were given practical exposure through field exercises. These exercises simulated various defense scenarios, enabling cadets to experience the challenges and responsibilities faced by the armed forces.

**Impacts are~**

- Increased Awareness: Cadets have developed a better understanding of India's defense mechanisms, leading to heightened awareness of national security issues.
- Patriotism and Responsibility: The campaign has fostered a sense of patriotism and responsibility among cadets, encouraging.
