

Name of the Cell/Department: The Department of Biotechnology

Academic year: 2018-19

Name of the program: Disneyland

Date: 2/9/18

Venue: Seminar hall 2

Description:

During the academic year 2018-19, Invertis University's Department of Biotechnology orchestrated a lively and enchanting event named "Disneyland" on September 2, 2018, held at Seminar Hall 2. The event, structured as a freshers' party, aimed to welcome new students into the academic fold while fostering a sense of camaraderie and excitement within the department.

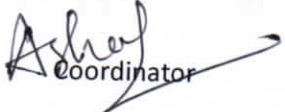

"Disneyland" radiated an atmosphere of joy and exuberance as incoming students were greeted with a magical setting inspired by the world of Disney. The event served as a platform for students to engage in a multitude of enjoyable activities, encouraging them to interact and form connections with their peers and faculty members.

Seminar Hall 2 was transformed into a realm of fun and entertainment, echoing with laughter and cheerful chatter. The event featured various attractions such as music, games, and engaging ice-breaking sessions, designed to facilitate interaction and initiate friendships among the freshers.

The success of "Disneyland" was evident in the vibrant energy and enthusiasm that permeated the event. It provided an engaging platform for new students to familiarize themselves with the university environment, allowing them to feel welcomed and included right from the start of their academic journey.

The Department of Biotechnology's commitment to creating a warm and inviting atmosphere for new students was exemplified through the "Disneyland" event. By organizing a thematic and engaging freshers' party, the department established a foundation for a supportive and inclusive community within the realm of biotechnology studies at Invertis University.

"Disneyland" was not just an event; it was an initiation into a world of academic growth, friendship, and excitement within the Department of Biotechnology. The event marked the commencement of a promising academic year filled with learning, exploration, and shared experiences for the incoming students.
